“ I knew Joan through the Emmaus community. We moved away and it has been years since I've seen her but thought of her many, many times. As matter of fact I thought about her for a long time on Thursday and about what she meant to me. I had plans to try and find out how to get in touch with her!! Thank you for sharing her with me! She was so servant minded and she oozed love. My prayer would be that I would be able to give to those around me the way Joan gave of herself! See you when I get there!!!! :)

“ My mother passed away and Joan was with me at the funeral home. She smiled at me and said,"now that you are an orphan I guess I should adopt you." So for the past 19 years she has been my adopted Mom. I will always love and miss her guidance, advice and love. Find my Mom and Grandmother, ya'll will have the best time. Miss and Love you

“ There is surely more laughter in heaven today! I will miss you so much, but am so thankful for your Christlike example, your love of God's word, your crazy sarcastic humor and your constant love and encouragement. Thank you for being my friend!
