“ Our family was blessed in knowing you and preacher Penny when you were at Chattooga. So many special memories especially the ones when you came to our home to share a meal. You were an encouragement to all that knew you. You will always have a special place in our heart

“ Charlotte,
It has been such a blessing being your Daughter N Law, It was always such a joy to visit you in Lafayette, I will always remember all the times we would just sit and talk. You were such a good listener. Always only having good things to say, never a bad word. Always willing to lend a hand to not just someone but everyone and anyone in need. It seems so surreal to me to know that I will never be able to walk into the room and see your sweet smile and Ora. I am thankful that you have no more pain. You will always be in my heart until I see you again. I am so blessed to have known you.

You are truly missed. I love you,

Teresa Clark

“ Mom, there have never been words adequate enough to describe your strength of character, your integrity, your joy for life, your love of family, your devotion to your mission, your quiet spirit, your humble and servant heart, and your selfless lifestyle. You exceed the Proverb 31 woman and I have learned my most important life lessons from you. Thank you for teaching me the persistence and power of prayer. Thanks for staying on your knees for all of us. We would not be where we are today without your intercession and standing in the gap. I am guessing that you know now that these past 10 years of struggle with dad’s illness and passing, and your own struggle with dementia, that none of it was for naught. You know what we may still be questioning which is okay because Father taught me many things as I watched your faith never waver, but elevate you above your circumstances and pain. I learned that faith is stretched and strengthened only when opposition and struggles come. My heart broke over and over for what we were losing of you little by little, but we always still had the real you, the one that really shined as other things dimmed, and you continued to touch lives all around you. I can’t even imagine in my wildest dreams what you are seeing and hearing and experiencing, but my heart soars when I think about it. You will forever be my hero and I can’t wait to see you again!!! You ran the race well and finished your course and I pray I can follow in your footsteps and finish well. We will continue the fight and will see you soon. I love you with all my heart.
