“ I remember growing up with Gary, We played pickup Baseball and football in the fields around our houses. We played pine cone baseball behind my house. As we moved into our 20's we spent hours together getting into just about everything and anything we could. We spent many a night taking his boat to the lake and fishing all night long. As life went on we drifted down different paths but Gary was always in my Heart and mind. Gary was not only my 1st cousin, he was one of my dearest friends. He was kind and would give you the shirt off his back. RIP my Brother!
