“ When Jan came to Roan school to teach we remember how we were all amazed at her beauty and southern charm. It didn't take long to find that inwardly she possessed the sincerity, warmth and delightful sense of humor that made her a cherished friend to all who knew her. She was such a Godly woman— as displayed in how she mothered her beautiful girls , loved her family, her devotion to her school and to her beloved church. As she showed wisdom and strength in dealing with her own problems, she also provided the heart and shoulder to help the rest of us endure our tough days. A precious child of God! “ Jan and her children were dear friends of Dawne and I when they lived in Perry. We traveled together and loved Jan dearly. My sweet Dawne died 4 years ago and I know they are rejoicing in heaven. May God bless you girls and your families .

“ Jan was one of a kind, she had it all, kind heart, brains and beauty, but most of all she had love. Her family and friends meant the world to her. She always had something nice to say about everyone, her sense of humor was second to none, she would have you on the floor laughing. Her stories were the kind you never forget. May her legacy of love live on with her wonderful family. She was so very proud of her family. I cherish the years I had with Jan and all the wonderful memories she left behind.

“ Jan was always a source of encouragement to me personally, when we worked together in Dalton. She could accurately sense when I was down and discouraged, when the weight of running a school was at times heavy. I could always depend on her to say something positive to make me smile and lift my spirits. She had a kind and professional manner about her that was disarming, even if she had a disagreement with something I did as principal. I always knew where she stood on any matter because she would let me know straight up.

Jan was trustworthy, gentle, supportive, and fair; just the kind of teacher a principal needed every day. I will always remember Jan's kindness and her God-given attributes that endeared her, not only to me, but to so many as well. When she greeted me with Dr. C, I always expected words that were gracious, truthful, and elevating to follow. And she never disappointed. Anyone who knew of our professional relationship, was well aware that she was a favorite of mine. I missed her after our professional relationship ended. And I will continue to miss her for a long, long time. Rest in peace my friend.
