“ Oh my goodness! Its been years since I've seen Maureen and was taken back with memories. I wish so many times we had a time machine and go back to that mountain, play ball over on the ballfield and swim down at the creek on those hot summer days...My heart goes out to the entire Blevins family as well as the Grisham family. Sleep well Maureen,

“ I can remember American National Bank 1975 started working in the mail room with Maureen, Pat, Shree, and Robert. We were not friends at first but we found out we were friends forever! She was always tall and skinny. I was always short and fat. Together we made a perfect 10. She was told that she would never have children. But heavenly father knew different he sent that beautiful little baby boy Ammon into her life ,and her life was forever changed. Then a blessed day came, standing beside her at the courthouse when she married her beloved Ralph. So thankful for these two men in her life that have been by her side a constant reminder what a true friend and companion they have been.
For the past 46 years she has been my friend my family my sister. We talked often and with one lung she didn't say much but bless her heart she was straight to the point and always asked how are you doing. I'll see you again Maureen love you

“ Maureen worked in Accounting back when I worked in Purchasing, so I talked to her at some point most every week. She was always nice to me, and easy to get along with. Sorry to hear about this.

“ I loved this woman. She and Uncle Ralph were there at some of the hardest times in my life. No matter how bad things were going for her she always asked me how I was doing. I can here the "hey Liz, how are you doing?" as I sit here writing this. She was deeply loved and will be sorely missed. I know though that 5 sets of arms where there waiting for her as she crossed through the veil. We love you Aunt Maureen.

“ I met Maureen when she worked at American National Bank in Rossville. We became friends instantly and remained friends even though life took us in different directions. Maureen was one of the sweetest and most kind people I have ever known. I pray for Ralph, Ammon and her entire family who love her so much. It was an honor to call her my friend.

“ It is an absolute honor to call Maureen my friend. She was the first friend I made in Engineering when I started working at Astec. I spent many wonder hours talking to this dear lady. I loved her sense of humor, her kindness, her matter-of-fact attitude. She always had a ready smile and was an absolute joy to be around. I have missed being able to see her. I know I will see her again one day in Heaven...
