“ I met Noland when I was with Tri-Comm briefly in 1990-91. Later I would meet him again at McKee when we became partners on 11 Line 1st shift. He was, by far, the best partner I have ever had. He taught me so much in those 5 years we worked together on the line. I was always grateful for his friendship and help. My prayers for his entire family.

“ Share a memory. I have over 45 years of memories. However, Noland loved to laugh, so I will share a lighthearted memory. He and I used to work on each other's vehicles. One time after trying to get Ruby's van running all day Sunday and Sunday night until we had to stop so I could take him to work Monday morning. He still lived in Grindstone then. Ruby and the kids were sleeping. He came running down hall into the kitchen area bc he wanted some coffee. I said "dude you're gonna be late" . He opened a jar of instant coffee, tossed a spoonful in his mouth and washed it down

with a cup of water (we didn't have bottle water then) looked at me with his good eye and said "I'm ready, let's go". To me it was very funny.

I'm gonna miss you Noland, plain and simple. I'm gonna miss your presence. I'm gonna miss you being there anytime I need someone to talk with that knows me. I miss my Best Friend.
