“ Michele,

If I wanted to draw a picture to symbolize life, it would probably be an ellipse. An ellipse on which we journey that embodies our past and our future. There are changing centers around which we radiate, a defined direction and turning points we cannot bypass.

Our pace may vary and we can share our path with others. As friends we have shared this path on many occasions and since last August, AJ too. I am glad we got to meet him. I will cherish the memories of our wonderful days at your house.

I wish we could be there with you Michele. In our thoughts and hearts we are. We send you all our love.

Angela, Frank and David (...who states, the time spent with AJ was the highlight of his trip to the US...and I see you added the picture of the two buddies :-))

I knew AJ years ago from school , back then he was a guy who always stood out , and in a good way . I didn't see him for several years , and when I did I was happy to hear he was was so involved with the music business , he found his place in life and seemed to be happy and loving it . My deepest condolences to his family , fiance' and friends . He will be greatly missed . My thoughts and prayers go to all whose lives he touched so greatly .
