“ *Also from the Cordis family, many friends who worked with Amaryllyis and Rafael. We will remember her great smile, calm demeanor and welcoming spirit. Just like the amaryllis flower, able to bloom indoors! Rafael, and family, your strength will surely be your faith, use it as your pillar through this very difficult time.*

“ We at Codman Neuro are so deeply saddened by the loss of Amarilys. Our hearts and prayers are with her family during this difficult time.

Personally, I will remember her as a very hard worker that always tried to do the right thing, no matter the consequences. Many people with neurovascular diseases around the world have benefited from the products she made available in their countries.

I had the opportunity to work with her for several years and got to know her on a personal level. Her schedule was always completely filled and it was hard to find a few minutes to talk. I was so impressed by her dedication to her grandmother. Although she was extremely busy at work, she would find a few minutes at lunch to go home and feed her grandmother. It is acts like these that tell you so much about a person.

Although I did not have the opportunity to meet her family, I feel like I knew them because she would speak of them often and how proud she was of them. Amarilys was a beautiful flower that touched so many. She will be deeply missed.
