One of the greatest, sweetest Aunts a boy could ask for. She always wanted to know the positives in my life and never failed to teach me that the negatives were nothing more than "learning experiences". The world has lost a wonderful woman and I lost a role model. Rest easy tonight Aunt Darlene. You are, and will continue to be, missed by those you touched in your life. Peace be with you and I hope to see you and celebrate the times with you again.
