“ I wish more than anything I could be there in person to give love to the rest of the family but I think that all of us, from her kids to her grand, great, and great great grandchildren can find comfort in the thought of Granny and Papa Bailey being together once again. Granny was a true matriarch to the Bailey family and without her, it will feel confusing and sad. But her resilience, her kindness, her compassion, and her love will continue to live on through everyone who was lucky enough to be loved by her. To each of my loving family members, I pray you find solace in the fact that even though she's not with us anymore she will always be watching over and loving us from afar.
Love you all,
Breanna

“ This is sad for me to see. Even though I know she lived her life to the fullest. Granny Annie will always have a special place in my heart. Spent many weekends/weeks together either at her house or at our house. She sure was a wonderful lady that loved her children and grandchildren.
