“ *Very special memories with a very special lady! I am devastated and heartbroken. .. even more so that prior obligations are preventing me from attending. My heart goes out to her mom, Tonya and Heather that I have known for a long time too and that adorable son of hers that he won't get to truly experience what a caring person she was. I lived with her for a few years. She was unique and awesome. Much love and peace to her now.*

“ I met Arricca on my very first day of nursing school in 1996. We immediately clicked. 2 yrs, countless hours studying together later, I could not have made it through nursing school without her. We even took our nursing boards together, worked together, she helped me land my first job, held my hand when I had to put my dog to sleep. Cannot even tell you what she meant to me. Even though life happens, we get busy in our own little worlds, I love her like a sister. May God bless her little boy and her family during these most darkest hours. Prayers for you all.
