“ When I think of Austin, I still think of the wild blonde haired boy running around the ballfields. So full of life and laughter. He always had a big smile on his face. Leigh and Garrett, I can't imagine what you all are feeling. I know the sadness I have can't compare. I am praying for you all to have a peace that only God can give. I love y'all so much. I am always here for you. Love you!

“ He was in my RO class and was always such a fine young man! We were doing cadet challenge one afternoon and part of it was pull ups. All the guys were doing 8 or 9 and then Austin got up there and I watched with my mouth wide open as he did over 20! I'm sure if there is a gym in heaven he is already working out! You were such an inspiration and will be deeply missed!

“ It’s very hard to hear a good buddy of mine has passed and it’s very hard that I know his family is losing such an amazing person. Austin and I had almost every class together. We had our own group in each class and heck even at lunch. Each day with him was a blessing. He always told how much he appreciated how I treated him like everyone else. He came to me for advice if he was ever mad or not all that great and it was a very mutual friendship. Austin had said something to me that has stuck for all these years since. That life itself is a challenge and some people have it a little worse. And even when it seems like no-one loves or cares about you there will never be a time that I won’t be there, I’m here. I’m honored to have been able to call Austin my friend and my brother from another mother. I can say Austin had more friends then I did and he will always be with us. My deepest condolences and may your family be comforted with all it’s surrounding love.

I was shocked and saddened to hear this. I remember teaching Austin at Graysville. Always did his best and never complained. Had a very good sense of humor. My wife and I will be praying for you and your family.
