“ I loved her very much we had are ups and downs over the years but
we was family that is what family does.She took me in when I was
young when no one else wanted me I know O did a lot of things that
disappointed her but I loved her she took me in the got nothing out
of me living with her I would go to school and when I got hone I soul
try and clean and cook so that she and my brother would have
dinner ready when they got home it was my way of showing her I
loved them and was great cul for what she did she was a great
person and will be missed very much
