“ *Aunt Betty loved all her nieces and nephews, she loved to spend time with us and have fun. Her favorite event was Easter egg hunts and she always made sure we had plenty to hunt for. My cherished memories of Betty: she had a great sense of humor, a love for food, a love for her family, a passion for the great outdoors, gardens, camping and picnics, picking fruit while eating more than she took home, playing Yahtzee and LCR, even a sense of adventure (remember her swinging on the vine?), her craving for a Wendy's frosty, Taco Bell or a Coca Cola, her love for her great-doggie nieces Zeta & Paola whom she let sleep in bed with her, stay all day in her lap and give her kisses, and the ultimate memory of when visiting with her- she never wanted you to leave, she didn't want you to go.. I had the special honor of holding her hand when she died so peacefully - surrounded with love, hymns, scripture and prayer - and I was the one who stayed and she let go, imprinting my heart forever. Betty loved her family and she loved Jesus Christ , her Lord and Saviour. I am looking forward to Resurrection Day!

“ I only knew Betty for a little over a year, but I am thankful for the time she was in my life. We would always laugh at the fact that our conversations always turned toward cooking and good food!! She always thought of me when the Sunday paper came because she clipped out recipes for me to try. Fried green tomatoes, fried okra, and cornbread with onion were her favorites. I loved Mrs. Hydass and will miss her very much. She was special to me!

“ Betty, I only knew you for a little over a year but I shall miss you for a very long time. The friendship we shared was so very special and I always felt blessed after our visits. The banana I brought to you each week was something I looked forward to. You became a very important person in my life and you left way too soon. I love you Betty and will miss you greatly.

“ We will all miss you so much Betty Lou. It is with great fondness that nieces and nephews will all remember the many walks, picnics and, of course, the famous Easter egg hunts. You could get so tickled and when things were really funny we might even get a little snort out of you. You remain to this day the only aunt I had that could swing on the "grapevine" with authority and live to tell the story. Your physical trials are over now, may you rest in peace.

“ Dear Lou Lou,

I am gonna miss you so much! I will miss hearing you say "Lou Lou's back in town!" I will miss laughing with you, Easter egg hunts, hiking, throwing frisbees, picnics, story-telling....the list goes on! You were always so much fun and you were so good to all us "kids". You were good to my three kids and they loved you fiercely! Thank you for being another grandmother to them! Thank you for being a wonderful aunt to me! Thanks for the memories, sweet Betty Lou! Rest in peace!

“ Betty Lou-Lou:

I remember how brave you were to cross the dreaded Monteagle with Gladys and Grinny, in order to keep the three Wood kids for a long weekend. We all knew that you were the one to come to if we wanted an extra cookie. Truth be told, we went to all three of you separately for extra desserts. You probably knew that, and blessed us anyway.

I heard you tell the [probably fictional] "hoopsnake story" a dozen different times. With each retelling, I became more skeptical, yet it always made me laugh til I hurt.

We will miss your love for life.

And for public record- I agree with you. "You ain't never too old to hunt eggs."

Love you.
