“ *Brenda, Donna and Cathy,*

*I have been in constant prayer for you ever since I heard that Betty was in ICU. I had hoped that you would have more time to prepare to say goodbye. I know how very hard it is. I am sorry that I didn't get to visit with Betty in the recent past. I have thought about her many times. I had wanted to see her at the decoration last year and was disappointed that I just missed her by about 5 minutes. I'm sure she is having a good reunion in Heaven right now, and I wouldn't have her to come back at all. But, if anyone understands how hard it is to wrap your heart around "goodbye for now", it's me. Know that I love all of you and I will continue to pray for you. This is one thing I learned on my journey - "There is nothing greater than the grace of Jesus". No matter what comes or goes, Jesus is always there with his arms open wide to comfort and protect you. May the Lord Bless and Keep you in His care.*

“ Betty was always the perfect neighbor, I remember when I was sent to Desert Storm We Hardly knew Betty. But upon my return my Wife Pat proudly stated to Me, look what our Neighbor Betty did, upon looking at the Fence line I saw numerous yellow ribbons welcoming Home. And A smiling Betty saying welcome Home. This meant alot to all of Us. Eight years later I recieved a call while at work that our house was on fire. My Childern were 9 and 15 years old, And were Home when the fire started. I rushed Home not Knowing what I would Find. Upon arriving I was met by Mike, Betty's Son inlaw whotold me my Kids were fine and were at Betty's House. When I got to Betty's House There were both My kids safe and being comforted by Betty . She had fixed my Son a vienna Sausage sandwich, to this day Jamie talks about MRS Slatton Vienna sausage Sandwich and how good it was. GOD Bless You BETTY , The Southernns Love You And we will miss you.

“ Brenda, Donna & Cathy.....we have thought about Betty constantly since we heard the news last week. It is so strange when I think back about 3 wks ago I was driving down Lafayette Rd and passed Oak St and silently thought to myself..."I need to go by and see Betty". But as every other time when we are in town, we are in a dead run to cover all the stops we "Have" to make in one day, I drove on by to keep an appointment. I have wished so many times since then I had gone ahead and taken the extra 30 mins or so and gone by to see her. Little did I know it would be my last chance. Sometimes, we just have to ignore schedules and follow our gut feelings. I will always remember Betty's jovial disposition and her ability to find good in everything. I will miss her. Charlene & Roy

*Will see you tomorrow afternoon.*
