Very sorry to hear of Bobby's passing, I can never hear his name without visualizing him in his lime green chevy! When my baby brother passed away in 1975 in Alabama, near the Florida line, it was very comforting to me to know Bobby & Denise were the ones to transport his tiny body back to J Avery Bryant for his funeral. It meant so much to me, knowing he wasn't with a stranger. Prayers for the family, I know he'll be missed.

“ I am very sorry to hear about Bobby's passing. I extend condolences to the family. While working together at DHL, Bobby was always very kind to me and never hesitated to help whenever he could. He was authentic, funny, and always spoke his mind. It is incredibly sad that Bobby's life ended so soon. Bobby was a positive person and would not want us to be sorrowful. If he were here I believe he would tell us to cheer up, smile and remember all of the great memories we all shared. I appreciated his friendship and will never forget him.

“ I hired Bobby in Chattanooga as a contractor, a decision I never regretted.

The only time he ever made me nervous was when he grabbed the executive vice president by the arm of his only trip to CHA and pulled him into his office and closed the door. I was standing in the doorway looking at him.

He only wanted to tell the VP how much he loved his job. How much he loved his team and how grateful he was for the opportunity.

I am proud to have known Bobby Carpenter and to have him in my life,

He will be missed.
