“...come give Aunt Dodie some sugar...” you would always say to all of the cousins. And we would come running to give you a kiss. And you would never let us leave without saying “come hug my neck”. You could light up an entire room with your warm smile and big heart, giving so much love and encouragement to everyone. I know you did to me. And laughter, you were fun to be with and funny without knowing you were. We all have many great memories of our time with you, “Jo stories” and “Jo sayings” that will carry us through the rest of our lives. Jo, you never needed our sugar, you were already the sweetest woman in the world but when we see you again we will come running to hug your neck and give you some more sugar. Love you a lot.

“ Granny Jo, when I had the pleasure of meeting you near 14 years ago, I knew that you were one special lady! You accepted me into your family, and made me feel special whenever I was around you. Your laughter and joy was contagious and and your very presence would light up a room. Fly on my friend and rest in the arms of your Saviour, and may all who loved you be comforted with the knowledge that all is well with your soul.

“ Granny Jo- The Lord had truly received his gift back. It's been years since I've seen your precious and kind smile, but the memory seems just a few moments ago. Your presence was soothing and always full of laughter lurking around every corner! Tis true that you were a blessing to be around by children, grandchildren, great children and just all kids alike. Stay watching over us all as we wait for loved to join you and our Father where pain is no more. "They shall hunger no more, neither shall theyvthirt anymore... For God shall wipe away every tear from their eye." - Revelation 7:16&17

“ *Linda and Steve I just want to say how very sorry I am but then that would be a lie. Your mother lived every day of her life to go to Heaven what a meeting in the air what a home coming. She probably hasn't seen everything or ever person. But she has all the time in the world. I just want to say that I love each and every one of you. And am sorry I want be able to make it but with all this flu and stuff I have to be careful my heart is there with you'll. Stay strong and remember the good times.*

“ Aunt Jo you will always be in my heart. So many memories of you, they will always be cherished. You were such an inspiration to me. I remember when I lived with you and Grandma, the time you spent with me, the laughter, and the feeling of warmth just being near you. The last time we were together, our trip to Sonic... those were good times. Even though the miles separated us, you were always close at heart. I will miss you so much Aunt Jo. I know that you are with Grandma, Grandpa, Cal, Terry, Dick, Lawrence, Paul, Harold, Raymond, Mildred, Jessie, Stella, my Dad and sister Susie, and all the others who have passed on. Mom wanted to see you so much. She was looking forward to getting over her surgery so she could make the trip back home to see you. Keep watch over her Aunt Jo. Till we meet again. Bubby
