“ Dan was one of my first partners at Gordon EMS when I was a brand new EMT back in 2000. Often he would load up all his school work to grade grade but would rarely ever get a chance to touch it because we had a call.
*He was a kind and gentle gentleman who truly cared for his patients and co-workers. Region 1 was changed forever by Dans efforts teach, guide , and nurture others along the way.
I am grateful I got to know and work with him.*

I am one of the Charge Nurses who worked alongside Dan down at Piedmont Hospital's Cardiac Monitoring Unit for the last 4 1/2 years. Dan will be missed.

He knew his stuff, and was always willing to help others.

Even with all the pain and suffering that he endured, he would always pause as he was heading out, and ask me if I needed his help with anything.

He would also call me on his way home to warn me of any traffic problems he encountered on our common route home.

All of us have said the same thing about Dan these last few days....He had "a Good Heart".

We are all deeply saddened by his passing, and wish to convey our condolences to his family during this time of profound loss.
