“ I look back at all our talks and visits. You never acted not once that I was no longer family. I remember all the times we would sit and talk and laugh for hours. You was such a great person inside and out. I love you Cotton and there will always be a special place in my heart that you hold. This is like a dream. I just can't believe you are gone. I know that you are with Granny and papaw right now sitting and catching up. You always had a smile on your face and joke to tell. You will be missed by so many. You touched so many and the love you gave to each and everyone of us. I love you and will see you again one day.

“ The entire Ledford family have always held a special place in my heart. I consider all to be family. Cotton was like a big brother most of the time. He like to pick, fight, and play but always in a fun brotherly way. I will never forget the way Cotton left the line of communication open even when we no longer we actively in eachother's lives. Thank you for keeping our family close to your heart Cotton. We all love you very much and you are already sorely missed.
