“ Debra is one of 28 first cousins and one of the best. All of our parents were very close and loved to get together and some times stay together so we were raised more like brothers and sisters for the most part. We were always so excited to get together and hated to part. There were four of us girls all about the same age so we were the click and the boom.

Jean was the boss, me and Debra looked up to her and Kathy just was just happy to be with us. We had the best times together. I remember times when we would stay overnight together, we all slept in the same bed 😂 two at the head and two at the foot. And yes with stinky feet. We talked all night until some one would yell “go to sleep” 🙄 then we would take turn scratching each other’s back until we feel asleep. Theses were the best times of my childhood, being with my cousins/sisters. We shared the first name Debra and Deborah. We were only a few months apart in age and there is a debate about which mother came up with the name first but I was glad to share our name. Grownup life put a lot of miles between us but never could separated our hearts. Sweet memories will always keep us together.

Love you Debra and prayers for her children and siblings 📱 🙏 ❤️
