“ We remember Dewell well from the Walker County Republican Party meetings back in the mid 1990's. He always conducted himself with class, and would have made a fine public servant. RIP my friend, and keep playing your music.

This video actually was made end of 2017, when My Buddy came over to read me a poem he had written me after he had started not feeling to well. I will cherish it forever.

This was Mr. Dewells favorite verse, he quoted and spoke of it often. When he could not remember the words, he would call me or come over to have me remind him of them or have me to write them down for him.
