“ All my thoughts and prayers are with Don's family. Don was always the gentleman, kind and helpful. I always remember his gravelly voice and sense of humor. We will miss him and his racing stories. Don always could tell a great story even when he tangled with the fan.

“ I worked with Don for 15 years. He was a loyal friend in which I dearly loved and respected. I admired Don him so. He was an amazing engineer that could do everything. There are very few men that can say what they can do and do what they say. Don was one of those rare men. I miss him. God Bless him and his family.
