“ I love you Dorothy, and you will be greatly missed by all those that you have touched. You did the best hair ever, sorry just had to put that part in there. You were always such an inspiration to me, one of the reason I took cosmetology, I wanted to be as good as you in so many ways. Thanks for always laughing and brightening my day when I was down, I love you and I am so sorry, you are the best and always will be in my mind. I am sorry to your mom and dad, and sister and kids and grand kids, I pray that God will give them strength and peace and some kind of comfort during this difficult time right now. I know that he can and pray that he will be there with them and comfort them and help all who love you. We love you and will miss you bunches. Rest in Peace, DoDo and the ones who know and love you know that name, I hope that I spelled it right. Oh and I remember spending the night with you and Christy and Heather when they were little and you taught me to ride the four wheeler and was right there with us, I hope that is the joy you get to experience again, and I hope everyone else can remember all the joy and laughter you always brought when you walked in to a room. There is way too much to write about here, but I will always remember the kind of person you were to me and my family and I thank you so much and love you for all the kindness you always showed, no matter what life was throwing your way at the time, you were the best. Love you always and I am sorry for everyones loss of this beautiful lady.
