“ She was very one special lady. We had a lot of great time over the years at Hutcheson Medical Center. She loved her stiletto high heels. She would run circles around us young girls in the Emergency Room. She always loved Christmas and decorating for it. Her grand girls were here pride and joy. She will always be in my heart ❤️

Remember her well, used to go to their house all the time when they lived on 49th street. Her brother randy and I were good friends. She was always so nice and such a great person.
