“ *When we moved to Lookout Mtn. in 1985, we were told, "If you want a reliable and honest plumber, call Eston Henson." That was the start of a 40 year friendship. We had a great trade going for many years. In the summer, he would bring me home-grown tomatoes in exchange for a peach pie. I will miss him greatly.*

“ *Eston always felt like an extended family member. He did repairs for us in the early 1970s when I was a toddler and continued right up until his most recent visit a few months ago. His visits got longer and longer throughout the years, because there was always so much stuff (NASCAR included) to talk about that we had in common. What an incredibly productive life for one of the most dependable and fun-loving people I've been blessed to know. He will be dearly missed.*

“ *Eston was quick to answer and come over whenever we had a plumbing need...but he'd also stop by just to check in or stop and chat if he was "just passing by"...he had a heart of gold and this mountain won't be the same without him. Surely we will see him again....in the meantime...rest well in the arms of Jesus!!!!*
