“ Grady was always very nice to me when I talked to him, and he just seemed like he was a Good Man, and that he "enjoyed life"! - He had helped take care of my son Cody (who has Downs & Autism), helping him go to the bathroom etc. when he was married to my ex-wife Donna - and his care for Cody was greatly appreciated! - Please make sure that all of Grady's family know how much he loved them, as the only few times I talked to him, he was always talking about how special his sons, daughters and grandkids were! I know that it is especially going to be difficult for Cheyenne to lose her Daddy, with her only being 8 years old! - But please make sure that she knows for her whole life going forward how really SPECIAL she was to her Daddy, and how much HE LOVED HER! When I had last talked to Grady, his whole main concern was getting to see Cheyenne and spend time with her! - Grady realized that he was older and may not have many years left to get to be with her, so he cherished EVERY MINUTE with her! - Grady told me about Cheyenne getting to come spend the weekends with him, and how he hated for her to have to go home, as he said they had such a great time together! - Grady talked about Cheyenne sitting in his lap and talking to him, and playing games with him on the computer - and how he had a computer for Cheyenne and how he had special games he had gotten for her (that she played and they played together) - and Grady talked about them going outside and playing and how she "cut up" with his family! - Anytime when/if you feel it is convenient or appropriate for me to talk to Cheyenne about her Dad, I would love to tell her just how much Grady bragged on her, and how SPECIAL she was to him, and how much HE LOVED HER! - If you wanted to give me a call, my Cell Phone number is (423) 902-8272 - I will be (and have already been) keeping your family in my thoughts and prayers!
