“ Rest in peace Greg my friend. Much missed. Never forgotten. I always admired your bravery and skill in the ring, remembering those times when I helped you back to your dressing room before having a few drinks together. Condolences to your family..

“ To Scott's family and friends, you are in my thoughts as you grieve for him.
Keep in mind the loving thoughts and fond memories you have of him. Praying to God for comfort along with those memories will help all of you to get through this difficult time.
