“ I hope you are having a wonderful time with our family and friends in heaven that I know you missed while you were here with us on this earth. We all will miss you down here and one day we all will see each other again. The list is to long more me to name ,but tell them how much I love and miss them in person for me. We all will miss Bear down here and the good times we all had. I will try to be a good uncle to your children but nothing I do could replace the love a Father and Dad has for his kids. We will miss your crazy since of humor that set the bar. And big heart that you passed down to your children. You always had a kind word for others and would share what you had also. Their are alot of great quality you had and some bad too. It's not important to me anymore which of them list were longer because you can't come crying to me anymore when Papaw Hixson And Grandfather give you a much needed whipping as soon as you got their. And mamaw got a switch after you and she can catch you for sure now I bet . I don't know for sure how long it will be before I get there to save you. But I also know God keeps an eye on this Face Book see this and He will save you because he saves everyone even you. All anyone has to do is ask him too and he will like magic. But you will have to stop running around him .I remember them tell us that all our life. You stopped running once and asked God to help you and he will do it again. I sometimes hated to see you get that whipping because I know I could very well be next . So in case you didn't figure out why this text so long and I took my sweet time writing it is so one of them will catch you. You can thank me but I plan on staying here for a while I ant in no hurry. Some of the words may also be spelled wrong that is also on perpose to slow you down so it can be someone else's turn I forget about. I hope your little butt ant to sore and everyone one is tired out because I am. But remember I love you and care about you so that's why I have to be good brother to you. I think I will go to sleep now and I know you are feeling the love. Your little brother .
