“ She and I were friends since I started going to heritage high school in 2012. She always had a smile on her face and was always trying to encourage and uplift everyone around her. I always have and always will say to know her was to love her. She was such a blessing in my life and she has taught me the most valuable lesson I can ever learn: it is most important to be positive no matter what God puts in your path because people are watching you and look to you when they need a boost in their own positive thoughts. I love and miss you my sweet and special friend. I can not wait to see you again when God calls me home. Fly high my angel friend and rest in peace!

“ I am a friend of Monica Ford who has shared with me a little bit of what has happened over the last few weeks. I did not know Hailey nor her treasured family, but I do believe that Hailey represented a light that brought love and created specific beautiful moments with everyone she shared times with. I believe her spirit has transcended to be united in full with God, but her spirit is also everywhere just as God is everywhere.

All of your prayers have been and will be answered. Your faithfulness is genuine and you will always be covered with grace, love and mercy. My thoughts and love are with you.
