“ *My Uncle Ronnie was my antique buddy. My kitchen and his shared so many similarities. Anytime I was going to buy what I thought was a great find, I always shared pictures with him first. Equally my Uncle Ronnie was a true history buff. He could talk hours about history. He and Terry always welcomed me into their home. I always dreamed of having a country home filled with antiques like his. I loved his love of nature like his goldfish pond. He will be greatly missed. Love Angela Paul*
