Just found out about jack passing. I rode with him in the Santa Ana CHP motor squad where jack was a legend! The squad had his name tag on his uniform replaced with Jurassic Jack! He stood inspection with it and the chief got a good laugh. I loved his sayings, he chide civilians who crashed their motorcycle and wanted an accident report. He would tell everyone just pick it up and ride away. Jack never admitted to crashing his motor but he told me if you go down and don't hit anyone just head to the motor shop and replace the parts before management even knew! He was a great rider but hated the Harley cause in a critical lean the engine would spit and lose power when you needed it most. At training days he would lay on his bike with his feet up and watch the rest of the squad do cone patterns and who was gonna make a legend do them? Not even the Sgt . Sorry for all of us who knew him, but jack lived a full rich life and I'm proud to have been on his motor squad. God bless jack keep the runner side down! Bill Grant 9303 retired

Southern California CHP Tradition...Double-Double, fries and a Coke.

We rode CHP Motors too fast and too wild, but the good memories never end. Anaheim Supercross to the Orange County Dragstrip, "Who were those guys?"

Had a blast racing Motocross with him too So Cal Old Timers, Over the Hill Gang, and the Police Olympics.

Thanks for the good times my friend.

Respectfully,

Dwayne Prickett CHP #11154 (Ret.)

“ I enjoyed listening to Jack. The story I will always remember and retell is him ridding the motorcycle on the beginning of CHIPS. Thanks for that forever memory. Much love to him and condolences to my Auntie and Cousin's.
