“ *My memory of Papa Jack is that every family event, every holiday, birthday, or family gathering he always had his camcorder videoing everything. I'm grateful for that because he left is so many great memories not just by being a great grandfather but for always capturing important moments & memories that we'll always be able to look back on & even watch most of those moments because he never missed an opportunity to capture on video. I love you Papa Jack & you will be forever missed! ❤️* ”
