“ Tim, Jack was someone I have fond memories of. For the few years I lived in the Mountain View community, he was a great father figure. Taking us to skateparks, to Tennessee football games and other places stand out in my mind from those days. I also remember being at your house one evening when he and Dot were watching what would be Elvis' last televised concert. You and I had been riding our boards most of that day. Funny the things that we remember. But I do remember how much interest he took in the things you did and how proud he was of you. And I remember how much he seemed to care about me as your friend. He offered some good advice to me a couple of times :)  
Wishing all the best to you, Dot and Terri Lynn.

“ Dot,  
Connie and I was saddened to hear about the passing of Jack. I remember the first time and the last time he brought you into the office. He always had the biggest smile on his face and was always making sure to take care of you. He was one of the kindest people I got to know. Please know that our prayers are with you and your family. We love you!!!
