“ Sorry for your loss. My parents knew him and I barely remember him from when I was a kid. He did babysit me and my brothers a few times. I remember him playing Santa once as a child. Me and my dad were just talking about him yesterday and lead me to Google him.

“ Still thinking of my Bron Bron. Almost every minute of everyday. I know you were going to go, we all are eventually. You tried to warn me. And you told me not to be sad. But I am so very sad. I love you. I miss you. I am comforted to know you are whole again and it is over. No more being scared. I promise to never ever forgot you. I know you can't see this or hear my words but I had to just get it off my chest. Until we meet again. ☐ 🙄 🥹

“ I just thought of him this past week. He made a mundane task of buying groceries seem like an outing. You never knew what he would say to make you laugh. Always kind to my momma.
