“ *Calvin & Family*

I am so sorry to hear about your loss. I know how you all feel, I experienced it again this past July 4th with the passing of mom. Know that you all are in our prayers. Everytime I go by our old homeplace and travel on down to the end of the road I think about you all. I also remember us coming over to your new house and riding the three-wheeler down the long driveway. We had lots of fun together all the way back through the Pond Springs School years.

Merry Christmas and May God Bless You All.

“Trudy, I know this is one of the hardest times of your life and I am so sorry for your pain. You are my "sister" and my friend and I hurt with you. I am so thankful for all of your wonderful memories that will always be in your heart and I pray God brings the best ones to your mind when you need them most. Jim will live on through his children, grandchildren and great grandchildren. What a blessing! May God give you the strength you need and carry you through the difficult days ahead. I love you and I am so thankful that God allowed our families to be a part of each other.

“I worked with Jim for most of my 30 years at Combustion Engineering. He was a man I greatly admired. He never had a bad word to say about anyone. He had a great work ethic, as many of the men did that came through the depression. For many years we operated the same bending machine, he on first shift and me on third. He was a gang leader and was a great man to work for and with. I'll miss him, but I have the memories.
