“ Some of my most fond memories were some of the "small things in life". We loved getting to go visit and just spend time with her. Back in her old house I remember sitting and just laughing with her in the living room as she sat in the chair and was feeding her cat ice cream off her cone. I had never seen that done before, so of course I thought it was hilarious as a small kid. :)

I called from SC while Shaun was in the military checking on her, and we had a beautiful heart felt conversation that I will never forget. There was no doubt about how much she loved her kids, grandkids, and even great grandkids in her life. She was a constant. She told you she loved you every time she saw you and you never had to doubt where you stood with her. Not to mention she was always laughing and smiling. I loved that about her, and I loved her heart. I will miss her. Ill see you again one day, as God has promised. Love you ❤️ Chasity

I am so sorry to hear that your family has lost loved one. I don't know your mama or you, but I know your daddy, from my work place and he is one of the kindest people there.

I know that loss never comes at OUR right time, BUT, I do know that God's time is always perfect. Rest easy in that knowledge....

You cherish your memories and know through you and through all who knew her, that she will always remain among the living, but even better, because of who she was, she now lives eternally with our Father in heaven.

“ *I will always remember the talks we had when I was a teen. She read me like a book and we clicked right from the beginning. Her kind words have stuck with me over the years and I will always remember them. She was a kind, strong woman who dearly loved her family. Heaven gained an angel. 🙏*
