“ Oh gosh where do I start. You are my first everything. You were my best friend the father of my children a very very wonderful father. The most wonderful father anybody could ever ask for that's what you were. And you were a damn good man. You never hesitated to help out somebody you loved or somebody that needed it you didn't even have to know him to help him out. You are such a good man a good friend a good husband a good father they were just good Jared. I miss you so much and I love you with all my heart I will never ever forget you. I have three of the most wonderful children that you gave me to remind me of you every single day every minute of every day and I thank God for that I'm so thankful that I was able to give you, I miss you and I love you more jared
