“ There is not enough words in the world to describe how amazing this man was. Jason had a heart of gold and had the best personality. Me and my family moved in next to him in September of 2019 and he very quickly become uncle jason to my kids and a brother to me and my husband. There was not a day that jason didn't come out on the porch to greet my kids when they would get home from school and they would drop their backpacks just to run and give him a hug. Jason would call me everyday to see if I was ok and ask if I needed anything he always thought of others before thinking of him self I would always tell him brother I'm supposed to be asking you these things and he would laugh with that grin and say no I'm fine I'm worrying about you not me 🥺 he was such an amazing person and he was loved so much. We are so grateful we got to spend the time we had with him we don't go a day without talking about him it the amount of time we had with him he become apart of our family and he will be missed so much. We love you jason RIP buddy
