“ *Jesse was an awesome football player throughout high school and college. We were high school chums and a real sweetheart to know and enjoy as a friend. His jokes and kind mannerisms kept conversations lively and made him fun to be around. He was a good student and exceptionally bright in chemistry where he sat in front of me. He would never miss a day teasing me about anything that came to mind but always a gentleman and pleasant. I hope his boys are doing well and remember what a good soul he was. Teresa Nieves*

“ *One of the BEST cousins to have. Always had a smile and time for me when I was a teenager. RIP Jesse and tell my dad I miss him when you see him.*
