“ I'm Bill Owens, April Lander's father. Even though I didn't know your father, I am all too familiar with the pain of grief. Here's to let you know that others care. May you and your family be comforted and guided with the love and concern others have for you.

“ My heart is heavy in sorrow for Joe or Jose. He was my neighbor for the past four years. He would asked "How are you doing?" or wave hello while walking to his mail box. Joe and his family are in my prayers. His presence will be missed.

Daddy, I know you cannot read this but I wanted to let you know that you were the most important man in my life and that I will never forget all the times we shared. I know that you are watching over me and I want you here with me.. not watching over me. I cannot have what I want and one day we will all be together again.. Te quiero mucho yo estoy mi corazon para siempre. You are (not were) a great man, a very beautiful person, and I will be forever scarred by what the government did and I will not let that go for much longer.. If I could go back one more time just once.. it would be to spend just another nice time with you, and I will never be the same without you.. life is so hard without you.. x0x0 love always, your little girl, Krissy & hearts;
