“ For those who don't know, Junior Parker was one of 6 siblings (five girls and one boy). I was the first girl and Junior was the 5th. Our brother came along a little later. Yes, you heard me say brother and sister. There was no step brother or step sister in our family. We wouldn't have understood those words growing up.

What a beautiful “CELEBRATION OF LIFE” I witnessed last Friday from my home in Arizona. The many tributes to my sister were right on. You knew her as we did. Now, I can't add much to any of them, but I knew you had met, Mrs. Junior Parker. She was all the things so many of you mentioned and more. I too was in ROTA, three times.

We all shared memories and anecdotes each time we were together through the years when we were able to get together. I have so many more, being the oldest. Junior was always referring to me as her “big sister” or “oldest sister” but I reminded her that she may be the “BABY sister” but she should always remember to call me the FIRST BORN .

You could probably write a book about the life of the sisters, and I am sure it would be a first on the best sellers list under Louisa Mae Alcott's “Little Women” if ever put into print.

She leaves a very loving, caring family and group of friends as her legacy. Your testimonies will live on.

Come to think of it; there really doesn't need to be a book about Junior because her name appears in THE BOOK OF LIFE. We shall see her again at Jesus' feet and that's all that matters.

Rest In Peace my baby sister, 'til we meet again.
-Wille

“ Junior and I have been friends since we were toddlers. It would be safe to say 70 years at least. We grew up together and were always together. I used to love to sit in the floor at her house and brush her long hair which she strongly objected too! In high school we got separated because our families moved to different places. No matter where she was we always knew where the other one was. I was even able to visit with them in Spain. I was able to see her again in 2020 and we had a wonderful time. I recently spoke to her and said my farewell for now. I will miss her but I rejoice in her new cancer free life in Heaven. We would always end our goodbyes with - From your best friend. So as always I will love and miss you. Your best friend- Dianne.

“ In so many ways Mrs. Junior was like a Mom to me. In Spain, Tennessee and Florida there were numerous times we sat at a table together (Pastor Parker, Junior, myself and others!) reflecting on the blessings the Lord provided. I will miss her now, but there is comfort in knowing the separation is only temporary. Thank You to Pastor and Junior for the godly influence you have in my life. Always, Bro. Chuck.

“ Mrs. Junior was always such a blessing to be around. She was always smiling and laughing. We spent so much time with her and Pastor Parker when my family lived in Rota, and I remember we went on so many adventures, from our hiking trips to the ladies trips we would take. I wish I could be at her service today, but I am sending love and prayers of comfort for Pastor Parker and the family. Mrs. Junior, I will see you again one day. I love you, miss you until we meet again in Heaven!

“ I have known Junior for years as the mom of my friends, but I didn't really get to know her until Audrey & I went to Spain for a week. Junior would be chatting away with others switching between English & Spanish with ease, driving effortlessly down THE narrowest roads I have ever seen. When she glanced at me and saw me wincing and closing my eyes she laughed & though I can't be certain, it felt like she sped up just a little bit more. But my favorite memory of her was when we went to the Alhambra. I had sprained my ankle shortly before we went in. Knowing it was a lot of walking and seeing me try to hop around, Junior suggested I use an umbrella as a sort of cane and she was sure she had one that a kid had left behind. She came back over with a Winnie the Pooh umbrella complete with Winnie the Pooh figure as the handle. It was short so I had to lean a bit to use it, but it did the trick. We all had a laugh at how ridiculous it was and then set off to look around. As I hobbled around Alhambra with Pooh Bear, I would every so often just hear this snickering and look over to see Junior looking at me, shaking her head slightly, and laughing. Of course she insisted we get the umbrella in the picture with Audrey and me and we all laughed posing the umbrella in different shots. She got so much enjoyment out of seeing me use that Winnie the Pooh umbrella that I have always wondered if perhaps there was a taller, normal umbrella in her trunk that she failed to mention. Just the thought of it makes me love her that much more. She will be missed.

“ *To Dear Bro. Parker and family. Jacob, Courtney and I are so saddened to hear of the passing of our wonderful, sweet friend. We have been so blessed to have known you and the friendship we shared. We will forever cherish the amazing time we spent with the two of you!! We were so touched and uplifted by your attendance at the wake of our Sweet Frank. I know Sister Junior was experiencing many health issues, you thought of us. We are eternally grateful. If Frank was here he would be so heartbroken. But I know both He and Sister Junior are in the presence of The Lord, free from pain and worries. The kids and I will be praying for you and your family. “ My heart is heavy for Pastor Parker and his family, Audrey, Nathan, and Keith also. Praying for you all. Miss Junior was a light to the world everywhere she went. I was blessed to be a member of Bethel Baptist in Rota and under Pastor Parker’s preaching when my mother visited. She was skeptical about visiting a “Baptist” (as she was raised Catholic, and we would often have non productive arguments about salvation) church but came with me nonetheless. Miss Junior befriended her immediately and through her long suffering, love, and patience, always ready with her answers to my mom’s questions about Christ and salvation, she helped lead her to a saving knowledge and acceptance of Jesus as her personal lord and savior. Thank you Miss Junior. I’m sure there are many more that she helped to lead down the path to the cross of Christ, either through her personal ministry, or as the supporting loving wife of a God fearing, Bible centered preacher. I’m grateful to our Heavenly Father that he sent me on a path to have met her, and the eternal consequences of having known her, and her family.

“ Our three years in Rota were some of the most enjoyable in our Navy career and a large part of that was because of Bethel Baptist Church and Chris and Junior. The after church fellowship in their home was always a blessing because of Juniors's love for the Bethel family. Our children were all the same ages and she was my youngest child's preschool teacher. Junior was a wonderful pastor's wife and friend to us all. We will continue to pray for Chris and the family in this time of loss and grieving. Lord bless you all.

“ It was 49 years ago that my wife and I became friends with Chris and Junior. We were stationed in Rota, Spain together. They were one of the first couples we were introduced to and have been friends, both near and far, for all this time.

We were fortunate to have been able to spend a couple days with them just a few weeks ago. We were able to reminisce over the past, share some laughs and tears together. What a blessing it was for us to see both of them again.

We will always remember Junior's unique laugh, her inviting smile, long blonde hair, her southern drawl and Texas twang, which must have been quite amusing when she spoke Spanish to the local folks in Spain.

While we were visiting, Junior expressed several times that God has been so good to her. Praise God that she was able to serve in a ministry that she loved for all these years.

I met Pastor Parker and his wonderful wife Junior back in 1983 while stationed over in Rota Spain. My church family were dear to me. Through them I came to love the Lord and fell in love with the people who attended Bethel Baptist Church. Pastor and Junior were family to me and my two children. We enjoyed playing games and traveling with them. The memories I have I will cherish always. Thank God for bringing you and Junior into my life Pastor Parker. Between your family and The Pillows I never had a chance to feel home sick. Hope to see you soon. Sending all my love to you and the family. Love Dianne Thrower

It has been such a blessing to have Junior and her family in our lives. We went to Rota, Spain in 1997. Before we arrived in Spain we had been in touch with them to let them know when we would arrive and we were interested in visiting the church. They came to base to pick us up for our first church service at Bethel.

We have been friends ever since. She is like a sister to me, she has been a great mentor in my life. It was such a blessing to have Junior with us in Douglasville, Ga for a while, Bro. Chris was there some as well. It was great to be able to help to them.

We have spent so many nights playing games, laughing, playing pranks on folks. It sure was fun and oh how I can here that laugh of hers. She would laugh when Pastor Parker would send my croquet ball in the pastor.

As I sit here and think of all the people we met through our little church in Spain. It was our home away from home. They took each of us in as their own. Junior was always ready to feed us and take care of us.

Oh how my heart is saddened, but I know I will see her again.

It was a blessing that I was able to see them a few weeks ago. While I was there they gave me pictures they were going through from Spain. We sat there and shared so many sweet memories together and laughed so much. So thankful I had that last visit with her.

I thank God for there ministry in Spain. Junior sat there and praised God for the ministry they had in Spain and for the friends that he gave them through the years.

Heaven just got sweeter!! We thank God for allowing us to be able to sit under Pastor Parker's preaching and get to spend so much time with them.

“ My condolences to Pastor Chris Parker and family in the transition of a beautiful Pastors Wife, Missionary, and friend. Junior Parker was truly one of a kind. Very real and down to earth. Her loved for me and others were so evident in her smile as well as here actions. She made you laugh and cry at the same time with her beautiful simplistic sense of humor. She made you feel as though you were the most important person in the world when she loved on you. Little did she know I was being mentored by her over the years as a single military woman overseas in Rota Spain. I had no idea the impact she would have in my life until years later upon marrying a Pastor. Her living and loving example is forever etched in my heart and love for her. Thank you so much for giving us military gals good counsel and doing it with a sweet gentle and kind spirit. We look to see your beautiful face again in glory someday with Jesus. With love and prayers to the beloved Parker family. "One of God's precious jewels." Has gone home.

“ Junior was more than just a missionary wife. She and Chris were a missionary team who made a home away from home for so many military men and their families. Junior cooked for the singles, played table games with everyone, held open house seven days a week, counselled and consoled the wives when their husbands were away and organized a Christian school for the military children. She has touched so many lives and helped so many souls to come to the Lord. She was a true Proverbs 31 wife and mother.

I had been invited by many co- workers who were concerned about where I would spend eternity. It was there that I heard the Gospel. “ So sorry to hear of the homegoing of Junior Parker. She will be greatly missed by family and friends. But she is now with her Savior whom she loved and served. We have known the Parkers for years and especially remember when they were missionaries in Rota, Spain and we visited them at their home. Junior was such a sweet hostess. She got me hooked on anchovy stuffed olives. We were with them on furlough in a few churches and for a time they were living beside my parents at BIML. We look forward to that great reunion day in Heaven!

“ Carol and I cannot begin to tell you of all the wonderful times we have shared with Chris and Junior. He is one of the spiritual stalwarts that I learned so much about the Bible under his preaching and teaching. Junior was a very supportive wife who reinforced his teaching of God's Word on our entire family. To us and probably Chris Junior's passing seems like a monumental event. But remember God knew about it from before the beginning of time. He has not chosen to reveal to us why He brought home at this time but because we know God; we know it was done for good! Chris, Carol and I pray for your grieving. We also join with you now in hopefully a speedy revelation of what God has next for you. Know that if we are not with you in the flesh on the 25th, we will be with you in spirit. God bless you!

“ My favorite memories take place sitting around the kitchen table playing games and drinking coffee. Mrs Junior was sharp and often won the games because, as she liked to say, "don't get greedy." 😊 meaning don't try to get more points and end up losing all of them. Mrs Junior and Pastor Parker became family to us when we were stationed in Japan. We were newly wed and had our first child while attending Faith Baptist Church. We will miss her so much.

When they returned to Roto to pastor the church, we enjoyed many years of fellowship with them. It was obvious that both of them had a real heart for working with our military and Junior grew to have a special fondness of Spain, its culture and people. Her kind, loving, generous ways will be missed by many. Praying for Chris and the family.*
