“ Sweet Kathy .. You were an Angel on Earth and now you're the Guardian Angel to watch down over everyone of your children your grandchildren your great-grandchildren and all of your family members now you get to watch over every one of them and try to guide them like you did on Earth. I will never forget the mornings that we did have drinking coffee and talking about our children.. we were both very Proud of our children even the days they had a Mean Streak a mile long... smiles... some of our plans that we had for our children never made it but those plans that we made and they didn't make it we're so funny we would laugh so hard until they came into the room and would ask what we were laughing at and we would say nothing and look into each other and laugh again.. I know that you're not in any pain now and that you are very happy that you're singing with the angels.. but I was not ready to see you go and I know no one else was either but always know My Kathy I love you very much and I will never think of you in any other way then then a sister that God gave us on Earth.. Rest in Peace you will be missed terribly but thought of daily love always Mama Kim..

“ My mother was not just my mother but my best friend and angel here on Earth and still. We would always have are morning and nightly talks . You could always talk too her about everything. She loved her coffee ,her kfc and mainly her family, they were the center of her world. She would always bring us together with grill outs and dinners even if it was not a holiday or occasion. She taught us to pray and taught us about our first love Jesus! She was and still is the most beautiful est mother,wife,friend and person in the world. She will forever remain in our hearts and not ever be forgotten. My momma, my world!
