“ As soon as I heard the horrible news, I broke down crying. The day of ur funeral, in hand I had a Dr Pepper can to put in ur casket to lay with u.; I also made a small flower arrangement and gave to Abby. I hugged her what seemed like an HR. I then walked over to view you and you looked like you were in peace and no longer sick and hurting. I lost my best friend. I will always have the memories of u being my ROCK with Andrew and the first memories you had with him. I love you so much. It still does not seem real but it is. Fly high watching over ur parents and Abby and Andrew too. U will forever be missed. I love u

“ Lacey coached volleyball for her daughter's first year ever playing and my daughter was a member of the team. I remember Lacey as one of the kindest individuals I had ever met. She was so easy to talk to and very empathetic. Lacey had traits of her that you just do not see in this world anymore. My family and I will keep Lacey's family in our prayers during this hard time and beyond.
