“ Larry was one of a kind. I sat many evenings with him years ago just talking up anything from motorcycles, fast cars, his love for Cadillac's, to his Momma getting on his nerves. Larry loved his family more than anything and I know he is missed. Fly high my friend and tell Jack and GiGi I said hello.

“ My dad was my hero no matter what we were going through. So kind gentle and loved to just have fun no matter what. The best man I ever knew. Me and him I feel are two of the same and I will never be the same till I see his face and hear him say hey rock again. You were my rock. I hate that i didn't get to see you more but life's stupid situations we create causes us to not be close as we want to be and i loved you and still do more than you could ever imagine.
