*Rest In Peace Larry, you will be missed for sure. We all have so many great memories growing up together. Distance may have separated us in later years, but we have so many great memories to cherish forever. I am happy we have talked this past year, you asked about every single one of us, and even sent your Condolences for my Mom and Edna when they passed away. Your heart was so full of love, the good Lord knew he would be needing you for one of his Angels soon. He gave you the chance to re-connect and remember our childhood and youth years. I will rest easier knowing you now look over us from Heaven. Fly high my friend, you are loved, and will never be forgotten.

We spent many years working together. Life and years had separated us but you were like family. We were friends away from work and shared many good times. Never a disagreement between us in more than fifteen years. I introduced you to my life long friend Mike Jackson that restored your Chevelle and turned into something you could be proud of. I remember seeing your face after he had painted it. Having worked with you I always respected the pride you took in your work. Having recently just learned of your sickness I am sad beyond words that I did not get to see you again but am blessed that I got to speak with you one more time and you told me you loved me. I love you and am so thankful that we both came to be saved. I look forward to the time I will see you again my friend.
