“ I was raised across the street fro LB and Odean. One thing for sure, they loved their kids. LB would move the furniture out of the living room and we would skate on their hard wood floors. They were family to us. LB loved kidding my mom. She loved the Robison family as family. Years ago when they had a horrible wreck I realized how much these folks meant to us. They were not friends, they were family. LB loved telling the story of me getting a perm during a snow storm and when I came outside, he chased me and covered me up with snow in the ditch in front of our house. I think that chase got the best of both of us, He was a kind, generous man who had a heart as big as the sky. He helped anyone in need. After my son Rick was born they loved him and took him on many of their day trips. I hope everyone is lucky enough to have such a good person in their life. Odean, I know your heart is breaking. You have so many precious memories , enjoy and cherish all of them. Sandy I know how you feel. Our Dad's are special. We will always be their little girl. Your heart is broken and to ease the pain, enjoy all your memories, you have so many. I bet LB and Mom are joking, Mom is probably saying What took you so long to get here. As we get older we lose so many good people we love . L:B is just another good one to walk in Heavens Gate. Thoughts and Prayers for you guys. Love you Polly.

“ *Mr. Robinson was my neighbor and friend. He put a fly wheel and other parts to my car and did it for no charge just because he was an outstanding person and friend. I will never forget it. He was a great influence on me. I respected him so much and he was someone I wanted to be like for the rest of my life. Now that I'm married and have a son, I have tried to carry his wonderful character in my own life. I wanted to be like him.*
