“ Annette was such a special lady and friend to me and Chris. She was always giving us something she had made, especially hummingbird bread. 🥰
Annette will be missed but not forgotten. I'm sure she is praising her savior!
I loved Ms. Annette.

“ Annette was very unique sister. She loved her children and extended family very much. She loved her garden, canning and freezing vegetables. She got her talent for growing beautiful flowers from our Mom and was very generous in sharing all with many people.
Annette has been in poor health for several years; now she is free of pain.
She will remain in my brother, Jerry Whaley, and my prayers. May she Rest In Peace.

“ *I am her brother Cecil's stepdaughter. Annette was always good to me growing up and so affectionate and enjoyed cutting up with my Mom. I watched as she cared for Randy and Connie and they for her. She loved her children very much. When Cecil died she made sure we had plenty of food and comforted us. And when my Mother Joyce passed in March she insisted on coming even though she was in bad health. I wish her family the peace that comes with knowing she is no longer suffering. Love to all of you.*
