“ *She did love her flowers and had a gift to grow them. One day several years ago when I had dropped Patsy off at her house, Linda was out working in her flower bed and I walked over to admire them. She told me to come by the next year and she would "root" me a piece off of her pink rose bush. Sure enough, she had Patsy call me that next spring to come get it. It was probably less than 2 inches tall, but my how it has grown! Every year when they bloom out I always think of her. I was not around her much, but she always had a smile and a hug anytime I saw her. A very sweet person, and my prayers go out to her family for their loss.*
