“ *Its me mama. Its going on 4 years you left us. I see alot of people who still ask me about you. You had a gift for all you did. Seamstress..beauty..fashion..teaching kindergarten...and Lovemans to Belk for many many years. Its 2026 and flowers are blooming. I know how much you loved flowers and your own green beans garden. Im sure you have every gorgeous flower everywhere now. Life is a blessed gift and some hard lessons. I think of you alot and all memories come back. How time flies! Thank you for all the good in life you taught and showed us. Sometimes we just have to read between the lines but you had a driven spirit that was not to be broken. We all are different in our ways. Baked some tea cakes today. We loved them! Love Melodi*

“ *It's been a year mama. Just seems like yesterday we lost you. People st Belk still speak of you. You were a favorite of many customers. You worked from Lovemans downtown to Eastgate when name went to Profitts...then moved with them to Hamilton Place when they first opened and name went to Belk. Wow! Fragrances dept there will not be the same ever. Thinking of you and daddy. Love Punkin*

“ *In Loving Memory of a Remarkable Nana:*

As I reflect on the moments spent with nana, I am transported to the carefree days of playing with Hot Wheels. On a floor spread with toy cars, she'd sit alongside me, fueling my imagination. But beyond that, were the tales she'd conjure, those made-up scary stories told just before nap time. Her narratives were so vivid, her storytelling magic.

I can also still taste the perfectly cooked tea cookies she'd prepare, and feel the comfort of a cup of hot tea she poured, the steam rising up like the love and care she poured into our lives.

And how could I forget our visits to Stevenson Park? With nana by my side, every trip felt like a new discovery.

In all these moments and countless more, mama's spirit shone brightly, a beacon of love, creativity, and warmth. As we remember her, let us remember not just the love she gave, but the myriad of ways she made life enchanting. Rest in peace, nana, but may your spirit live in forever.

“ I've been thinking about Margaret often during the last few days and praying for her family. I have many good memories with Margaret, seeing her at our worship services as well as visits with her in her home. I always enjoyed talking with her and joking with her. And I especially remember the times she would call to make sure she was on the schedule for us to mow her yard. That was something we could help her with in such a small way but she really appreciated having a nice looking yard. We will miss her but will enjoy our memories of her and are thankful for the hope that we can have through Jesus. Our hearts go out to each of you! Perry Hurst

Yes, her yard was hard for us to keep up with like she liked it, due to health and jobs. That was a great help to us. Thank you for the kind words and all that the church helped with. We both appreciate it very much.

“ I have so many memories of Margaret and time spent at their house. I remember Margaret helped me so many times with Christmas gifts from the fragrance counter. She always talked about Jackson. I could tell she loved him dearly. I can still see her walking around the block every evening. Prayers you'll find comfort and peace in the days to come. Sandy Steele

“ *OH! Mama there's not enough room for all running thru our minds. These past few months were very difficult for you and we prayed for peace but still talking to mama.
