“ I remember what a sweet and gentle person Margaret was. She was always very pleasant. I knew her family growing up in Tyner and my mother knew all of her family as well. I kept up with Margaret after school. She worked at TVA and would come over to Miller Park at lunch to see me and the band, when we played at the park of City of Chattanooga parks dept. I would look out across the park and see Margaret sitting on the wall there above the crowd so she could see the band. She always came over to chat with me. I knew she was not well and stopped by the insurance office next door to her home to inquire about her. I had sensed that something was wrong when I saw several cars at her home the other day and Margaret Presley, an old high school friend, called to tell me of her passing. I am sad today for the family, as I know they loved her so much. A good friend, always pleasant and most of all a Christian, who is in heaven now. RIP Margaret Knox.....Bill McCallie

“ Margaret and I had a friendship that lasted over 60 years. And we were so proud of that. We talked of it often. We met in first grade and even though I moved away we always stayed in touch. She was a sweet lady. She made me a cross stitch about friendship that hangs in my home. My trips to Chattanooga will never be the same now. The past few years have been difficult for her and now she is at peace. Margaret had a heart for the Lord and he has welcomed her home. Someday.... my dear friend, we will meet again. Love and Prayers to her family. Pauline Powell Hunt, Sanford, FL.

“ I remember Margaret in high school. She worked in the library and was always on the honor roll. She was always nice to everyone. I never saw her any other way but helpful. I know she will have many stars in her crown. She was a friend to me in school and I will always remember her for that.

I hope the family can find solace in my memories of her and what a blessing she was to me at that time. She is with the One who loved her best!

The Unknown Shore by Bishop Brent

*"A ship sails and I stand watching till she fades
on the horizon and someone at my side says
She is gone.*

Gone where? Gone from my sight, that is all.

She is just as large now as when I last saw her.

*Her diminished size and total loss from my sight
is in me, not in her.*

*And just at that moment, when someone at my side
says she is gone, there are others*

who are watching her coming over their horizon

and other voices take up a glad shout -

There she comes!

That is what dying is.

“ I am so sorry to hear that Margaret passed. She shared her love of books with us at the office (TVA). I was happy for her when she retired. I so hoped she could do the things she wanted to do. She is in a better place now.
